Reminder from the CHP:

Keep your child safe. Buckle your child in a safety seat every trip, no matter how short.

Children MUST be secured in an appropriate child passenger restraint (safety seat or booster seat) until they are at least 6 years old or weigh at least 60 pounds.

Remember: All children must ride properly buckled up. The cost of a violation is a \$270 fine and a point on your driving record.

Child safety seat tips:

- Best place for a child is in the back seat.
- Babies ride rear-facing and reclined (45-degree angle) until 1 year old and at least 20 pounds.
- Toddlers ride forward-facing and upright with a harness until 40 pounds.
- Children who are over 40 pounds or have outgrown the harness system use a lap and shoulder belt-positioning booster seat.
